Sir:

In response to the Restriction Requirement mailed  
September 17, 2003, Applicant hereby elects the Claims of Group  
IV, Claims 23-31.

Applicant respectfully requests that Claims 12-22, in Group III, be examined with Claim 23-31.

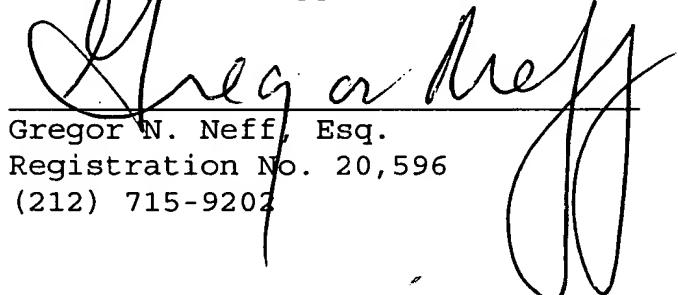

It is believed that the same prior art must be searched for both the heat exchanger structure and the method of making it, in that the references known to applicant's attorney disclose both the structure and the method in the same patent.

Furthermore, the claims are overlapping. For example, compare Claims 16 and 17 with Claims 25 and 26.

An Action on the merits is respectfully solicited.

Respectfully submitted,
